WILLIAMS' APPOINTMENTS.

The Hon. Charles G. Williams will address Republican meetings as follows:

Fort Atkinson, Wednesday, October 11.

Palmyra, Thursday, October 12.

Clinton, Friday, October 13.

THE OHIO ELECTION.

By reference to our dispatches it will be seen that the Democrats have made a clean sweep of Ohio, electing 10 and possibly 11 Congressmen out of 21, a majority of 5 or 6, and carrying the State by a majority of from 10,000 to 20,000. The demoralization of the Republican party in Ohio comes of the bad state of affairs in Pennsylvania and New York, and of an agitation of the temperance question. The former made the Republicans discouraged instead of rousing them to action; and the latter brought out the German vote almost solid against the Republican party. The loss of Ohio should not demoralize the Republicans of Wisconsin, but should incite them to more activity, thoroughly unite them, and make the party solid which will save them from defeat.

Congressman Williams is giving the Democrats a lively time in his speeches this week, and crowded houses greet him nightly.

There is only one district in the State in which there are only two candidates for Congress and that is the Eighth. All the others have from three to five.

Congressman Butterworth, of Ohio, who was considered the vulgar man in the House, was beaten for re-election on Tuesday. He was a Republican, and the majority against him was about 1,000. But his vulgarism did not defeat him—it was the German vote.

Down in Texas, the other day, two men got into a dispute in regard to the right of one to recline on the bed of the other without an invitation. Pistols were drawn and both were instantly killed. This leaves the question in dispute still unsettled in Texas.

There is a woman over in Michigan named Mrs. Hazlett, and lives in Detroit, who is an excellent campaigner. She is an excellent speaker, thoroughly understands the political issues, draws large audiences, and takes the Republican side of politics. Did you ever hear of a woman making Democratic speeches?

The Beloit Free Press very pointedly says: "Hazlett positively refuses to withdraw from the Congressional race, emphatically stating that he will continue in the field until the people at the ballot-box decide the contest. The State Central Committee is respectfully asked if squealing in the interests of other and less expert Bosses—is not little to prove a costly undertaking to the Republican party."

The total number of teachers employed in the public schools of the United States in 1880 was 286,021; the same for the Territories 2,610. The average salaries paid to men ranged from \$25.21 a month in South Carolina, to \$101.47 in Nevada, and the same for women from \$17.41 in Vermont to \$77 in Nevada. The reports from Alabama, Florida, Kentucky, Louisiana, Maryland, Mississippi, New York, North Carolina, Tennessee, and West Virginia make no distinction of sex in the statement. The greatest difference between the salaries of males and females is in Massachusetts, where the former receive \$97.71 a month, the latter \$80.59.

A WORD TO ROCK COUNTY REPUBLICANS.

The Gazette takes the liberty of suggesting to the Republicans of Rock county the necessity of thorough work in this campaign. The result in this Congressional district cannot be questioned by any one—it will be absolutely Republican—but a very important point to be gained is to keep up the Republican majority to the average standard, and thus show that side issues, personal animosities, "Independent" movements, pro-

hibition under false colors, and the like, cannot make any important inroads upon the Republican vote. Therefore, let the Republicans of Rock county remember the price of success. It can only come of thorough organization and constant work. Every town committee should act as an aid to the county committee, and the latter should see that public meetings are held in all necessary places, that the voters are provided with proper documents, and that all needful things are done which will solidify the party, bring out the vote, and make the Republican majority an honor to the county.

OHIO.

The Triumph of the Democrats in the Ohio Contest Complete.

The State Carried by a Majority Ranging From 8,000 to 15,000.

Eleven Democrats and Ten Republicans Elected to Congress—Butterworth Defeated.

COLUMBUS, O., Oct. 11.—Ohio has gone Democratic by more than 20,000. The Republicans elect seven congressmen, the Democrats eight, and six are in doubt. The activity of the Democrats and their allies, the liquor dealers and the prohibitionists, was too much for the sympathy of the Republicans, handicapped by weak candidates in some of the congressional districts.

R. R. Cowan, Editor State Journal.

COLUMBUS, O., Oct. 11.—The election all over the state so far as heard from was a quiet one as compared with other years in this respect. There was less excitement, and particular lines have been less closely followed than in any election since the late and feverish campaign early in the year. The vote was light in the rural districts, and comparatively heavy in the large cities, where the Democrats expected their largest gains, and the returns in no way disappointed them in this instance.

The comparisons at both state headquarters are made on the returns for governor in 1881, when Foster, Republican, carried the state by 3,000 majority. At this time of writing the returns from 102 precincts show a Democratic gain of 2,229, which, if it holds good, will give the state to the Democrats by 10,000 majority. An analysis of the returns from the 102 precincts above shows that there are heavy Democratic gains on the Western Reserve, the Republican stronghold of the state, where the most was expected by the party leaders. The Democrats have no force in the large cities and the rural gains are greater than they expected. Well-informed Democrats, on the strength of this are already claiming the state, and in some cases by at least 10,000 to 15,000.

Gov. Foster was in his office until after midnight, with his private secretary and a number of friends, including Representative Swaine, of Toledo, T. G. Nichols, and a few others. The governor thought it extremely probable that the defeat of the party would have been larger in the state had the temperance issue not been sprung. Swaine, who is a son of Chief Justice Swaine, expressed the opinion that Roosevelt and the star on his sleeve were enough to sink any party. Nichols said the result proved that an unpopular administration would sink any party, and that the defeat put them back where Grant left them at the end of his administration. The Democratic strategy on congressmen that they have elected is to vote against the governor.

At the Republican headquarters they conceded the election of fourteen Democratic congressmen, viz: Muller over Butterworth, Smith over Smith, Johnson over Johnson, Smith over Harris, Hill over Brigham, Campbell over Moyer, Powell over Robinson, Hund over King, Neal over Hart, Corcoran over Burke, Warner over Dawes, Wilkins over Clarke, and Roman over Everett. This leaves the Third District contest between the Democrat, Leaming, and the Republican, Shultz, and the Fourteenth, where Golden, Democrat, is running against Hore, Democrat. The only Republican headquarter in this district is in the hands of Leaming. Taylor, McKinley and McClure were candidates. At Republican headquarters they felt the low tide running, and all admitted defeat. The low tide, however, was in the hands of Shultz and Hore, whose election they still claim.

THE LATEST.

COLUMBUS, O., Oct. 11.—The returns on congressmen are meager and unsatisfactory. The majority of those who have been elected have been secured. The best information which can be gained from both headquarters gives the Republicans the Third, Eighth, Ninth, Fourteenth, Seventeenth, Eighteenth and Nineteenth districts, seven in all. The First, Second, Twelfth, Fifth, Twelfth, Thirteenth, Sixteenth, and Twentieth districts are in doubt. The Democrats carry the Sixth, Seventh, Ninth, Twelfth, Fifteenth, and Twentieth in doubt. The Republicans claim they will have Leaming, the defeat of the Democrat, Foster, accounts for the Republican defeat on the ground that they had eight or ten candidates when a better fight was made. He assigned other reasons that the liquor interest went over in a body to the Democratic party, and only finishing money, but were not able to give a vote. The low tide, however, was in the hands of Shultz and Hore, whose election they still claim.

DEMOCRATIC GAINS.

CLEVELAND, O., Oct. 11.—The Democrats' nominee in the Twenty-first congressional district, Fagan, has no doubt been elected by from 3,000 to 5,000. The Republicans carried the first three districts, and the Democrats the latter four. The Democrats have also secured the county executive offices, with the exception of the sheriff's office. The result is a Waterloo, and the Democrats are well with excitement. The conditions have been such that an intelligent guess could be made as to the probable outcome, and no result could not produce surprise on either side. The liquor legislation of last winter, and the consequent loss of the saloon and the loss of the vote of the saloon, was the cause of other influences have been at work. The liquor legislation has been a great many Republican workmen to the support of Foster, who has been a champion of the working class all his life. The running of a strong prohibition machine took support away from the Republicans.

NEWARK, O., Oct. 11.—The latest returns

WEST VIRGINIA.

A Republican Elected in the Wheeling District.

The Tariff Issue Dominant in the Fight.

WHEELING, W. Va., Oct. 11.—Ohio county, the home of the Democratic candidate for congress, and hitherto Democratic by about fifty, has given a Democratic majority of less than fifty. The Second and Fourth districts have been hotly contested. There is not much doubt of both of them being carried by the Democrats by majorities ranging from 1,000 to 1,500 each.

The First West Virginia district has elected Gov. Reel, Republican, to congress by from 300 to 500 majority. The same counties in 1880 gave Hancock for president 1,481 majority, a Republican gain of probably 5,000. THE WAUPACA TRAGEDY.

No Clue to the Murderer of Mr. Mendel—Sketch of the Victim's Life.

WAUPACA, Wis., Oct. 11.—Further investigation to-day of the murder of H. C. Mendel and the robbery of his bank, shows that several thousand dollars of individual notes, in addition to money, had been taken from the safe. In the alley in the rear of Lord's law office, on Main street, a bundle of these notes was found in plain sight, having evidently been placed there last night, as many people will swear that the package was not there yesterday. This seems to prove that the murderer or his accomplice must still be in the city, and that he or they, finding that the notes were worthless, had taken this means to dispose of them. Four years ago Mr. Mendel was accused by some of his neighbors of having been the author of a crime, who hid in the woodshed attached to the bank, and was severely beaten on the head by a man named John Smith, who was not heavy enough to kill even a starling. The assault had before he could be caught, and many think the present murder and robbery was committed by the same man. Sheriff Bridges has posted a notice offering a reward of \$1,000 for the capture and conviction of the murderer and robber of Mr. Mendel, and the same sum is offered by the officers of the bank. Scores of farmers who have deposits in the bank have made application for their money, but there is no cash to be had. The bank has been closed for several days, and every depositor will be paid in full as soon as the money can be raised. Mr. Mendel was born in Essex county, N. Y., and was twenty-five years old at the time of his death. He was a well-to-do man, and had a large family. He was a member of the Waupaca church, and was a very popular man in the community.
